Directions to my office: The Actual Address is 5001 Highway 190 E. Service Road Suite D4, Office 5. *** please do not put that address in your GPS or you will end up in a completely different location ****My Office Space is located in the Fairway Office Buildings, located to the left of Lakeview Hospital, if you are looking at the front of the hospital. The offices are actually on the service road past Lakeview, past the duck pond. If you use a navigation map, put in the address of Lakeview Hospital, Covington LA. Pontchartrain Pediatrics is another landmark. So if you are coming from Mandeville, you can either jump on the service road next to where Kmart was located. Or take the interstate and get off on the Fairway Exit. Then go towards Lakeview Hospital. Make sure you get on the service road that runs to the left of the hospital. Then you will see a large blue sign that says "5001 Fairway Complex Buildings." And take a right down the little side street (no name) that runs on the side of the brown/ gray buildings. Drive down until you see Office D4 on the building on the Right.. I also recommend parking in the last parking lot that backs up the Lakeview Psychiatric Hospital. Once you park, look for D4, (next to Dr. Hurst) also, my name will be on the glass office . Enter the office building and take a seat in the waiting area. I will be with you shortly. If for some reason the office is locked or you become lost, please call me. Thank you.
